TO WHOM IT MAY CONCERN

I have engaged Bradley Charles Stubbs as my personal and professional mentor, as the Head Coach of Sydney FC, since August 2016.

Bradley worked closely alongside me to enhance my thinking and teach me techniques to maximise my performance as a Coach. His programmes are 100% unique and whilst I don't understand exactly how he does all that he does, his ability to see things before they happen is profound.

Bradley has changed me as a man. He has given me a level of self-belief, satisfaction and enjoyment with my job that I have never experienced before and results that are great, to the level of history making. His mentorship has not only instilled confidence and pride within me but has also alleviated stress related medical symptoms. I am very grateful for his help.

Bradley's integrity and commitment to me is unprecedented.

I would, without hesitation, be proud to recommend Bradley as a mentor for those in the sporting area, education or corporate fields.

Yours Sincerely,

A handwritten signature in blue ink, appearing to read "Graham Arnold".

Graham Arnold

Former Sydney FC Head Coach & current Socceroos Head Coach.
